

Seedling 4 weeks
 Veg Stage 6 weeks
 Bloom Stage 10 weeks

Total Grow Duration 20 weeks

Please note: Recommended nute schedule TNT as the base nutrient for your entire grow & Boom Bloom as the bloom supplement during flowering.

NUTE SCHEDULE

Use this chart as a basic framework around which to plan & track your grow.

SEEDLING

From germination through the seedling stage

WEEK 1	1	2	3	4	5	6	7
2	1	8	9	10	11	12	13
3	1.5	15	16	17	18	19	20
4	2	22	23	24	25	26	27

1 - 2ml/l Once a week
 Seedling requires a low concentration of nutrients

Water when required. Ideal pH range: 5.8 - 6.5pH

Recommended Light Cycle:
 20 hrs ON : 4 hrs OFF

KEY TO CALENDAR VIEW

VEG STAGE

Based on a 6 week vegetative cycle

1	2	29	30	31	32	33	34	35
2	3	36	37	38	39	40	41	42
3	3	43	44	45	46	47	48	49
4	4	50	51	52	53	54	55	56
5	5	57	58	59	60	61	62	63
6	5	64	65	66	67	68	69	70

2 - 5ml/l Twice a week
 Increase concentration as your growth rate intensifies

Water when required. Ideal pH range: 5.8 - 6.5pH

Recommended Light Cycle:
 18 hrs ON : 6 hrs OFF

NOTES:

Dilute by mixing with water to achieve the desired concentration measured as:

$$\frac{\text{ml} / \text{l}}{\text{TNT} / \text{Boom Bloom} + \text{Water}}$$

Use within 24 hours after mixing.

Discard any diluted TNT after 24 hours in a responsible manner.

BLOOM STAGE

Based on a 10 week bloom cycle

1	2	4	71	72	73	2	74	75	76	77
2	2	4	78	79	80	2	81	82	83	84
3	3	4	85	86	87	3	88	89	90	91
4	3	3	92	93	94	3	95	96	97	98
5	4	3	99	100	101	4	102	103	104	105
6	4	3	106	107	108	4	109	110	111	112
7	5	2	113	114	115	5	116	117	118	119
8	5	1	120	121	122	5	123	124	125	126
9	1	1	127	128	129	1	130	131	132	133
10			134	135	136		137	138	139	140

4 - 2ml/l Twice a week
 Decrease concentration as your buds near harvest

TNT & Boom Bloom should be mixed & used as a single application

Water when required. Ideal pH range: 5.8 - 6.5pH

Recommended Light Cycle:
 12 hrs ON : 12 hrs OFF

Note:
 Duration of the bloom cycle is strain dependent, ranging from 8 - 10 weeks

FLUSH with water only 5.8 - 6.5pH
 (7 - 14 days before harvest)

4:1:2(14)
 BALANCED BIOLOGICAL
 BASE PLANT NUTRIENT

1:4:11(30)
 BIOLOGICAL
 FLOWERING SUPPLEMENT
