

BOOM BLOOM

1:4:11(30)

BIOLOGICAL FLOWERING SUPPLEMENT

Bud Juice's BOOM BLOOM is a specifically formulated smart plant nute designed to give your **bud formation** what it needs when it's needed most.

> Available in: 500ml, 1L, 5L, 20L

Designed to be used primarily as a budding plant nute it is also combined with TNT during your flowering stage.

With BOOM BLOOM you now have an advantage of being able to safely apply only one biological smart plant nute during your budding stage, confidently knowing that we have combined all the essential elements required for fat, delicious heads.

Designed for use on all indoor and outdoor crops, BOOM BLOOM is formulated using our proprietary blend of organic acid carriers combing Phosphorous & Potassium, fulvic acid & carbon providing prolific bud formation.
